

Pinecrest Village News

The next Pinecrest Village Improvement Association meeting will be on Tuesday, August 8 at 6:30pm at the park, near the playground. In case of inclement weather, the meeting will be on Zoom. All Pinecrest Village homeowners are welcome.

Kicking off August With Fun

The 4th of July bike parade at the park was so fun! Thanks for joining.

August 1 Band Concert- Neighborhood Night Out

Take your dancing shoes off because you don't need them to dance in the park with the Denver Municipal Band! Join us Tuesday August 1st at 6:00 in the park. Councilman Flynn is providing HipHop Pops for us, but bring a picnic and enjoy great music and fabulous neighbors! This is always a super fun time and the music is fabulous.

Trash Updates

Extra trash day: August 9

Japanese Beetles Get 0 Likes!

Homeowners who choose biological methods to control Japanese beetle populations can successfully use parasites, nematodes, fungi, or other biologically based approaches. Some of these agents are commercially available to homeowners; others are not. While they take a little longer to produce the same results as insecticides, biological control agents last longer in the environment. More importantly, they do not adversely affect nontarget or potentially beneficial organisms.

Dues Please

The HOA dues letters have been sent out and thank you to all who have paid. It's not too late. If you haven't paid yet, please drop off your contact form and check for \$40 made out to PVIA. Mail or drop off in the lockbox on the Polaks' front porch, 5769 West Milan.

August Sky Watch – Perseid Meteor Shower

The Perseid meteor shower runs from July 14 through September 1 in 2023, peaking in the pre-dawn hours of Sunday, August 13. The absolute maximum number of “shooting stars” per hour is 100, though normal rates seen in rural locations are more like 50-75 during the peak, according to the [American Meteor Society](#).

Hiking Safety

Whether you're heading out for a day hike or an overnight adventure, hiking safety should be at the forefront of every trekker's mind.

No matter if you're a beginner or an experienced hiker, **always check the weather forecast** and prepare for sudden changes in weather with extra layers, spare water, sun protection and other day hiking essentials. Start with a sweat-wicking base layer that's breathable and regulates body temperature. **Avoid cotton** because in cold environments, wet cotton doesn't provide insulation, is slow to dry, and can make you even colder. In the heat, cotton traps warmth, which isn't ideal either. So try to steer clear of this material if you can. In any weather, **staying well hydrated can help you avoid dehydration or even altitude sickness**, but moreover, it simply helps you feel good and have fun.

Most important, let someone know where you are going and when you should return.
